

## **RULE 6. ACQUISITIONS RESULTING IN AN OBLIGATION TO OFFER A MINIMUM LEVEL OF CONSIDERATION**

### **6.1 ACQUISITIONS BEFORE A FIRM OFFER ANNOUNCEMENT**

(a) Except with the consent of the Panel in cases falling under (i) or (ii), when an offeror or any person acting in concert with it has acquired an interest in shares in the offeree company:

(i) within the three month period prior to the commencement of the offer period; or

(ii) during the period, if any, between the commencement of the offer period and an announcement made by the offeror in accordance with Rule 2.7; or

(iii) prior to the three month period referred to in (i), if in the view of the Panel there are circumstances which render such a course necessary in order to give effect to General Principle 1,

the offer to the holders of shares of the same class shall not be on less favourable terms.

(b) If an acquisition of an interest in shares in the offeree company has given rise to an obligation under Rule 11, compliance with that Rule will normally be regarded as satisfying any obligation under this Rule in respect of that acquisition.

(c) In the case of an acquisition under Rule 6.1(a)(ii), an immediate announcement may be required in accordance with Rule 7.1.

### **6.2 ACQUISITIONS AFTER A FIRM OFFER ANNOUNCEMENT**

(a) If, after an announcement made in accordance with Rule 2.7 and before the offer closes for acceptance, an offeror or any person acting in concert with it acquires any interest in shares at above the offer price (being the then current value of the offer), it shall increase its offer to not less than the highest price paid for the interest in shares so acquired.

(b) Immediately after the acquisition, an appropriate announcement must be made in accordance with Rule 7.1.

(c) Acquisitions of interests in shares in the offeree company may also give rise to an obligation under Rule 11. Where an obligation is incurred under Rule 11 by reason of any such acquisition, compliance with that Rule will normally be regarded as satisfying any obligation under this Rule in respect of that acquisition.

## **NOTES ON RULE 6**

### **1. Adjusted terms**

*The Panel's discretion to agree adjusted terms pursuant to Rule 6.1(a) or (b) will only be exercised in exceptional circumstances. Factors which the Panel might take into account when considering an application for adjusted terms include:*

- (a) whether the relevant acquisition was made on terms then prevailing in the market;*
- (b) changes in the market price of the shares since the relevant acquisition;*
- (c) the size and timing of the relevant acquisition;*
- (d) the attitude of the offeree board;*
- (e) whether interests in shares have been acquired at high prices from directors or other persons closely connected with the offeror or the offeree company; and*
- (f) whether a competing offer has been announced for the offeree company.*

### **2. Acquisitions prior to the three month period**

*The discretion given to the Panel in Rule 6.1(a)(iii) will not normally be exercised unless the vendors, or other parties to the transactions giving rise to the interests, are directors of, or other persons closely connected with, the offeror or the offeree company.*

### **3. No less favourable terms**

*For the purpose of Rule 6.1, except where Rule 9 (mandatory offer) or Rule 11.1 (requirement for cash offer) applies, it will not be necessary to make a cash offer available even if interests in shares have been acquired for cash. However, any securities offered as consideration must, at the date of the announcement of the firm intention to make the offer, have a value at least equal to the highest relevant price paid. If, during the period ending when the market closes on the first business day after the announcement, the value is not maintained, the Panel will be concerned to ensure that the offeror acted with all reasonable care in determining the consideration.*

*If there is a restricted market in the securities of an offeror, or if the amount of securities to be issued of a class already admitted to trading is large in relation to the amount already issued, the Panel may require justification of prices used to determine the value of the offer.*

#### **4. Highest price paid**

*For the purpose of this Rule, the price paid for any acquisition of an interest in shares will be determined as follows:*

*(a) in the case of a purchase of shares, the price paid is the price at which the bargain between the purchaser (or, where applicable, the purchaser's broker acting in an agency capacity) and the vendor (or principal trader) is struck;*

*(b) in the case of a call option which remains unexercised, the price paid will normally be treated as the middle market price of the shares which are the subject of the option at the time the option is entered into;*

*(c) in the case of a call option which has been exercised, the price paid will normally be treated as the amount paid on exercise of the option together with any amount paid by the option-holder on entering into the option;*

*(d) in the case of a written put option (whether exercised or not), the price paid will normally be treated as the amount paid or payable on exercise of the option less any amount paid by the option-holder on entering into the option; and*

*(e) in the case of a derivative, the price paid will normally be treated as the initial reference price together with any fee paid on entering into the derivative.*

*In the case of an option or a derivative, however, if the option exercise price or derivative reference price is calculated by reference to the average price of a number of acquisitions by the counterparty of interests in underlying securities, the price paid will normally be determined to be the highest price at which such acquisitions are actually made.*

*Any stamp duty and broker's commission payable should be excluded.*

*The Panel should be consulted in advance if it is proposed to acquire the voting rights attaching to shares, or general control of them.*

*Where a person acquired an interest in shares more than three months prior to the commencement of the offer period as a result of any option, derivative or agreement to purchase and, within the three month period prior to the commencement of the offer period or after the announcement made in accordance with Rule 2.7 and before the offer closes for acceptance, the person acquires any of the relevant shares, no obligation under this Rule will normally arise as a result of the acquisition of those shares. However, if the terms of the instrument have been varied in any way, or if the shares are acquired other than on the terms of the original instrument, the Panel should be consulted.*

## **5. Dividends**

### **(a) Dividends which accepting shareholders are entitled to receive and retain**

*When accepting shareholders are entitled under the offer to receive and retain, in addition to the offer consideration, a dividend which has been announced by the offeree company but the “ex dividend” date has not yet occurred:*

*(i) the offeror, in establishing the minimum level of the offer, may deduct from the highest price paid by it (or any person acting in concert with it) during the period to which the Rule applies the amount of the dividend to which offeree company shareholders are entitled; and*

*(ii) once an offer value has been announced, purchases in the market or otherwise during the “cum dividend” period by the offeror (or any person acting in concert with it) may be made at prices up to the aggregate of the offer value and the amount of the dividend without necessitating any revision of the offer.*

*However, purchases in the market or otherwise after the “ex dividend” date by an offeror (or any person acting in concert with it) may only be made at prices up to the amount of the offer value without necessitating any revision of the offer.*

### **(b) Dividends which accepting shareholders are not entitled to receive and retain**

*When accepting shareholders are not entitled under the offer to receive and retain, in addition to the offer consideration, a dividend which has been announced by the offeree company:*

*(i) the offeror, in establishing the minimum level of the offer, may not deduct from the highest price paid by it (or any person acting in concert with it) during the period to which the Rule applies the amount of the dividend; and*

*(ii) once an offer value has been announced, purchases in the market or otherwise during the “cum dividend” period by the offeror (or any person acting in concert with it) may be made at prices up to the offer value without necessitating any revision of the offer.*

*However, purchases in the market or otherwise after the “ex dividend” date by an offeror (or any person acting in concert with it) may only be made at prices up to the offer value less the amount of the dividend without necessitating any revision of the offer.*

**6. Convertible securities, warrants and options**

*Acquisitions of securities convertible into, warrants in respect of, or options or other rights to subscribe for, new shares will normally only be relevant to this Rule if they are converted or exercised (as applicable). Such acquisitions will then be treated as if they were acquisitions of the underlying shares at a price calculated by reference to the acquisition price and the relevant conversion or exercise terms. In any case of doubt, the Panel should be consulted.*

**7. Unlisted securities**

*An offer where the consideration consists of securities for which immediate admission to trading on a UK regulated market is not to be sought will not normally be regarded as satisfying any obligation incurred under this Rule. In such cases the Panel should be consulted.*

**8. Offer period**

*References to the offer period in this Rule are to the time during which the offeree company is in an offer period, irrespective of whether the offeror was contemplating an offer when the offer period commenced.*
